which is forwarded as Tab A to the attached memorandum. Since this guidance appears to be substantially the same as that given in connection with our last annual report (see attachment to IAC-D-55/12.2, 19 July 1957), we are suggesting that contributions be along the lines of those furnished last year, taking into account major developments in your respective fields during the past fiscal year.

4. As indicated in the attached memorandum, because of the 1 September deadline and the rather extensive coordination required in the preparation of the final draft of this paper, contributions should reach the IAC Secretariat no later than close of business, Thursday, 24 July.
